Technical Sessions:

Dr. Murari Lal Thakur from State Biodiversity Board gave presentation on Access and Benefit Sharing (ABS) mechanism and its relevance in Himachal Pradesh. Conception and enactment of the Biological Diversity Act, 2002 was initially discussed. CBD its objective and objectives of the BD Act, 2002 were informed to the participants. Nagoya Protocol on ABS was discussed which is based

on the fundamental principles of Prior Informed Consent (PIC), Mutually Agreed Terms (MAT), official checkpoint. Benefit-sharing obligations were discussed which were:

- Domestic-level benefit-sharing measures will provide for the fair and equitable sharing of benefits arising from the utilization of genetic resources, as well as subsequent applications and commercialization, with the contracting Party providing genetic resources.
- Utilization includes research and development on the genetic or biochemical composition of genetic resources.
- Sharing is subject to mutually agreed terms.
- Benefits may be monetary or non-monetary such as royalties and the sharing of research results

Traditional knowledge associated with genetic resources with provisions on access, benefit sharing and compliance were also discussed. Next in the presentation information on ABS provisions under BD Act, 2002 were discussed. Afterwards Benefit Sharing Options and Economic Importance of Bioresources present in the State of Himachal Pradesh were informed to the participants. A brief information regarding Bio-resource based industries and their global market share was discussed. Next determination of benefit sharing, PIC & MAT options, certain activities or persons exempted from approval of NBA or SBB, Fair and equitable benefit sharing options and non-monetary benefits of ABS provisions were discussed. In the final part of presentation some examples of ABS from India were discussed.

Dr. Pankaj Sharma from State Biodiversity Board presented his presentation informing participants about the process of constitution, role and functions of Biodiversity Management Committees (BMCs), its role and responsibilities in implementation of Biological Diversity Act, 2002 in Himachal Pradesh. In his presentation constitution of Biodiversity Management Committee was discussed first and it was told that the Biodiversity Management Committee is constituted as per the Sub-rule (1)

and it shall consists of Chairperson and not more than 6 persons nominated by the Local Self Government, of whom not less than one third should be women and not less than 18% should belong to the Schedules Caste/Scheduled Tribes. Time period for Operationalization, Office of the BMC and Tenure of BMCs were discussed. Mandate of BMC's were discussed followed by role, duties and functions of the BMCs.

Dr. Dushyant Kumar Sharma, Assistant Professor UHF Neri Hamirpur presented his presentation on People Biodiversity Register (PBR). In the presentation he went on describing about need and importance of Peoples Biodiversity Register (PBR); which are legal documents and database on biodiversity of any given area and he also described about Local Biodiversity Funds (LBFs). He described how PBRs as a legal document could play an important role in maintaining records on biodiversity related to a specific area and he also mentioned how LBFs would help in motivating and channelizing the whole process of making of PBRs
